The River Valley Civilizations

Class - VI

Sub - History

Homework : Learn and write in your history notebook

Long answer type questions:

Q1. Mention any four features of a civilization.

Ans Favourable features that led to the development of civilization:

- Favourable climatic condition.
- Inventive skill of human beings.
- Agriculture led to surplus food production.
- Invention of writing, the technique of smelting metals and development of astronomy achieved great milestones.

Q2. Why did the earliest civilizations grow up near rivers? Give three reasons.

Ans The earliest civilizations grow up near rivers because:

- River provided continuous flow of water for agriculture.
- The fertile land near rivers supported settlements.
- Rivers also provided means of transport and communication.

Q3. What was the impact of surplus agriculture production on the development of civilization?

Ans Surplus agricultural production created non-agricultural activities such as construction of building, towns, irrigation system and various crafts.
